

## PISGAH HEALTH FOUNDATION OPENS SECOND GRANT CYCLE TO THE PUBLIC

Pisgah Health Foundation (PHF) is excited to announce the opening of our second community grant funding opportunity. Our mission is to purposefully, creatively, and collaboratively enhance the health and well-being of our community by addressing local health and wellness inequities through strategic and meaningful partnerships. **Beginning October 7**, organizations working to support this mission are invited to submit online a letter of intent (LOI), the first phase in the grant process. After a review of the LOIs, selected organizations will be invited to begin the online application process for grant funding.

### Key Dates for Grant Cycle 2

- |               |   |
|---------------|---|
| • October 7   | Open date to receive Letters of Intent                    |
| • November 7  | Closing date for Letters of Intent                        |
| • December 1  | Open date for applications for invited potential grantees |
| • December 31 | Closing date for applications                             |

PHF has devoted itself to addressing social determinants of health (SDoH) in our region. SDoH are factors in people's lives that either make it easier, or more difficult, to be as healthy as possible. PHF has chosen to seek impactful changes in the areas of:

- Childhood Education
- Food Insecurity
- Housing and Homelessness
- Health Education, Obesity, Substance Abuse, and Mental Health
- Social Cohesion

We encourage organizations working in one or more of these areas to participate in the grant process and complete the online letter of intent. To learn more about the grant process and eligibility requirements or to submit a LOI please visit <https://pisgahhealthfoundation.org/grants/>

Lex Green, CPA, President of the Foundation said, "It is an honor to announce the commencement of our second grant cycle."
